

# Team Leading and Management

We deliver high quality team leading and management programmes bespoke to your organisation. Our programmes always receive excellent feedback from trainees and managers. Our trainers have worked in senior management roles for some of the country's most prominent and successful organisations. We are able to pass this expertise onto you through nationally recognised development programmes. Learners receive first class training, one to one mentoring and assessments with regular feedback on performance and knowledge.

## Team Leading and Management Training and Development

We have developed training workshops and resources that give learners the opportunity to develop their leadership skills and make a real difference in the workplace. Our workshops can be accessed by learners undertaking apprenticeships, NVQ's, certificated courses. Employers can also choose to develop bespoke management programmes from our course menu.

We can support staff who are just taking their first steps into a supervisory role and we can help senior managers review and update their skills.
