Forward

I am pleased to be able to introduce the Safer Gateshead Partnership Plan 2008 – 2011.

Safer Gateshead is a strong, established and progressive partnership. We have over the past ten years achieved a great deal with a year on year reduction in overall crime. We have successfully delivered three previous strategies to tackle crime, disorder and drug misuse which has enabled us to create a “Safer Gateshead” for our residents, people who work in Gateshead and for those who visit this area.

The good news is that overall crime is still reducing in Gateshead but there is still much to do – there are still too many victims of crime and some communities are suffering higher-than average levels of crime.

The Safer Gateshead partnership has a statutory requirement to produce a Strategic Assessment and a Partnership Plan. The Strategic Assessment identifies community safety priorities via comprehensive intelligence analysis and the Partnership Plan summarises how the Safer Gateshead partnership will address the priorities.

This is the first Safer Gateshead Partnership Plan. Our Strategic Assessment was completed in February 2008, after which we consulted with local people and organisations about our findings and, more importantly, found out what they felt their main priorities were. This Partnership Plan places the work of Safer Gateshead into context nationally and locally and provides details about priorities, milestones and targets, which will help us to judge how Safer Gateshead is progressing.

I am confident that this Partnership Plan will help us to achieve our vision of making Gateshead a safer place in which to live, work and visit.

A handwritten signature in black ink, appearing to read 'D Napier', written over a horizontal line.

Councillor David Napier:
Chair of the Safer Stronger Communities and Culture Partnership

Safer Gateshead, the story so far

Partners within Gateshead have set out a far-sighted ambition for the borough which is articulated through Vision 2030, Gateshead's Sustainable Community Strategy agreed in April 2007. Our vision recognises the deep rooted challenges which still remain in Gateshead but demonstrates our high aspirations for local people and our commitment that Gateshead is recognised as a safe and secure place for our residents, communities and businesses.

Gateshead's Next Generation Local Area Agreement 2008/09 –2010/11 reflects the journey of transformation Gateshead has undertaken over the last 20 years. This journey has been based on a long-term vision and commitment to unlocking the potential of Gateshead. The Gateshead Crime and Disorder Reduction Partnership (CDRP), collectively known as Safer Gateshead, has contributed to this transformation.

We have made great strides in reducing crime in Gateshead over recent years, but some crime types remain problematic. Over the past 3 years we have successfully achieved our key priorities and targets within our Safer and Stronger Strategy 2005/08.

- Crime rates have continued to fall over recent years, with total recorded crime reducing by nearly 9% between financial years 2004/05 and 2006/07
- We have seen the greatest volume reductions in theft from motor vehicles and domestic burglary

- The risk of being a victim in Gateshead is decreasing and is lower than the average for Tyne and Wear and the North East
- Abandoned vehicles are becoming less of a problem and deliberate fires have decreased

However, we recognise that some crimes have a greater impact on communities than others, especially in relation to drug misuse. We also recognise that a relatively small group of offenders have a disproportionate impact on the level of crime and that we need to work on their long term rehabilitation.

Partners within Safer Gateshead are committed to contributing towards the long term Vision 2030 and the new Next Generation Local Area Agreement.

This Safer Gateshead Partnership Plan will outline our priorities over the next three years, which will subsequently contribute to Gateshead's overall ambitious long-term vision.

Community Safety issues are dynamic rather than static and Safer Gateshead is sufficiently flexible and responsive to meet the challenges within this changing landscape. The long term 2030 Vision is that we will have achieved the lowest historic rates for crime and fear of crime.

We intend to use the Local Area Agreement as a key mechanism for bringing partners together to performance manage these shared agendas across traditional boundaries.

Our aim

The aim of this plan is to enhance our partnership approach in Gateshead, working together to provide a more co-ordinated approach to eventually enable everyone in Gateshead to feel safe and secure.

To do this we need to provide services that cover a wide spectrum of need. There is a “golden thread” connecting many of the issues associated with crime, disorder and drug misuse with factors such as poor health, substandard housing and poor educational achievements. We are confident that providing a more co-ordinated multi agency service will allow us to tackle the root causes of crime, drug abuse and reoffending.

This is a key element of our LAA, providing more holistic cross cutting interventions to provide accessible services to everyone whilst supporting communities, families and individuals who are most in need.

In line with other developments in Gateshead, this approach will build upon work already underway and enable us to proactively address the real challenge – the root cause of people’s behaviour and feelings.

Our approach focuses on the delivery of services at a number of levels, from universal services through to specialist provision.

Universal services

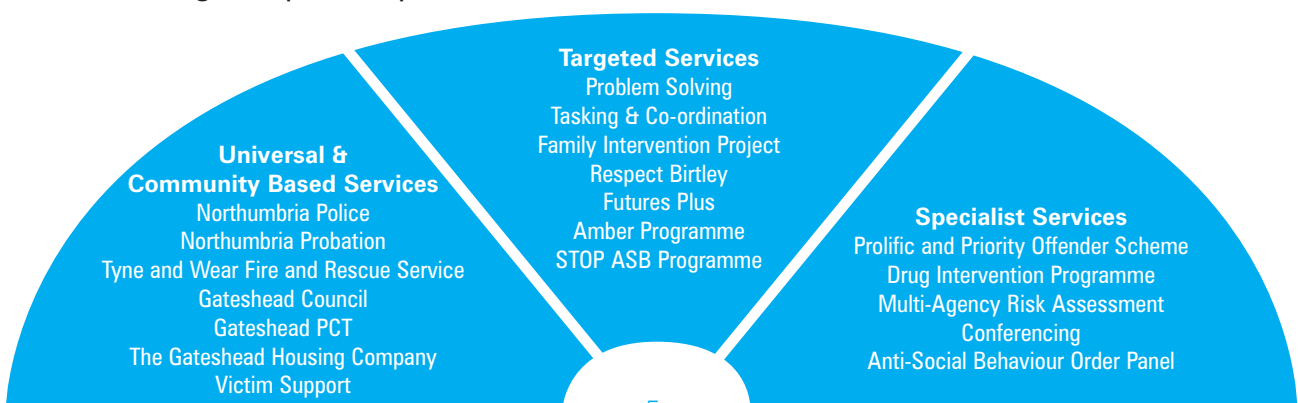

Working with our partner agencies through Section 17 of the Crime and Disorder Act we aim to provide an accessible, universal service to ensure the safety of everyone who lives in, works in or visits Gateshead. This will include tackling wider issues such as housing, education, training and health. We also work toward addressing the fear of crime and encouraging residents to feel safe.

Targeted services

Providing a more targeted approach to specific communities with higher levels of crime and disorder. This will be achieved through established area based initiatives such as Multi Agency Tasking and Co-ordination, Problem Solving and Operation Goldfinch. Targeted services also include early intervention for families and individuals who are at risk of entering the criminal justice system.

Specialist services

Providing more specialist services to those families and individuals who have the greatest need. Interventions such as our Prolific and Priority Offenders Project, Drug Intervention Project and Safer Families.

Performance Successes

The following are just a few examples of what we have achieved over the past three years to achieve our vision of making Gateshead a safer place to live, work and visit.

- Overall levels of crimes continue to decrease within the borough, with considerable reductions in vehicle crime and burglaries. The three-year national PSA target set for Safer Gateshead was to reduce recorded crime by 20.1% by 2007/08. Recorded crime had decreased by 37% in Gateshead by March, thereby meeting and surpassing the target.
- The Safer Gateshead Partnership launched the Gateshead Anti-Social Motorcycling Strategy 2007-2009 in July 2007. A detailed action plan accompanies the strategy, which outlines a number of key challenges and associated milestones. A multi-agency steering group has been established to ensure the action plan is implemented. This group will support the achievement of the Reward Element. The target for 2007/08 was to reduce complaints by 7%. Figures show that complaints have decreased by 24% - far exceeding the target.
- An Accommodation Officer has been recruited to work in partnership with the Youth Offending Team to provide cross-family housing support to the most challenging families.
- The DAT Adult Treatment Plan has continued to receive “green” performance status from the National Treatment Agency (NTA). The number of people entering treatment for drug misuse has increased year on year and the NTA consider Gateshead to be a high performing area providing quality treatment. Positive feedback has also been received from GONE regarding our Drugs Intervention Programme (DIP) after the Home Office evaluated it and found a high percentage of the individuals accessing treatment had reduced their offending.
- From October 2006 the Safer Families Project, Northumbria Police and a range of partner organisations have established a pilot domestic violence Multi Agency Risk Assessment Conference (MARAC) to support achievement of the Reward Element to bring more perpetrators of domestic violence to justice.
- In partnership with Supporting People, Safer Gateshead launched a mediation service in October 2007 which provides an independent volunteer mediation service to residents experiencing Neighbour Conflict, Family Conflict or Community Conflict.
- Bringing together tasking and coordination and Problem Solving processes in order to align them to the graded response to anti-social behaviour at a neighbourhood level.
- A Prolific and Priority Offender scheme manager within the Probation Service was recruited to ensure that the scheme is able to develop and align with the Drugs Intervention Programme.

- Gateshead has developed its own Family Intervention Project (FIP) and has become a National FIP area in 2008 with funding guaranteed for three years. The FIP is in place to tackle our most challenging families with a history of multi-agency engagement.
- A resilience-planning manager has been appointed to provide a strategic overview and to develop and embed the Council's resilience arrangements within a multi agency framework.
- The Neighbourhood Wardens service was further enhanced by the acquisition of re-deployable Closed Circuit Television (RCCTV) and Body Worn Video (BWV) devices, the integration of operational civil parking enforcement and the implementation a junior neighbourhood warden scheme for primary school children which is based on the Respect agenda and promoting environmental awareness and responsibilities.

Process for developing the Partnership Plan

We are required to produce an annual Strategic Assessment and Partnership Plan. The Strategic Assessment has identified priorities through a comprehensive intelligence analysis and the Partnership Plan summarises how Safer Gateshead will address the priorities.

A multi-agency steering group made up of appropriate officers from partner organisations has delivered the production of the Strategic Assessment. A broad range of consultation has been undertaken with members of the Safer, Stronger Communities and Culture Partnership, local Community Groups, Residents Associations, Neighbourhood Watch groups and youth groups with the support of colleagues within Empower Gateshead, Neighbourhood Management and Youth and Community Learning. The consultation process confirmed the priorities that were derived from the Strategic Assessment and highlighted which of these are most important to us.

The main issues identified by the Strategic Assessment and confirmed as priorities by consultation were:

- Fear of crime / public reassurance
- Anti-Social Behaviour
- Class A Drugs
- Alcohol
- Environmental crime
- Reducing reoffending
- Hate crime
- Violence

These priorities are encapsulated in the challenges outlined below. They will be addressed by the implementation of cross-cutting interventions aimed at having multiple impacts across a range of issues.

Challenges

To build on our significant achievements, there are a number of key challenges to meet in order to ensure continuous improvement. Some of the challenges we want to achieve are within the next 12 months, others are longer term and performance will be addressed over the lifetime of our new LAA. Ultimately, the challenge set by Vision 2030 is to reduce overall crime and disorder to historically low levels.

Key challenges have been identified to help us address our eight key priorities:

Encourage our residents to feel safe

- Implement the Safer Gateshead Communications plan to reassure residents that partners are working together to improve their safety
- Consult with the public through the implementation of robust and regular surveys at neighbourhood area level to monitor fear of crime and resident concerns
- Strengthen our approach to Community Engagement. We believe that residents are the experts on their area and they will be invited to help solve problems
- Generate a better understanding of public perception through researching best practice
- Develop an out-of-hours anti-social behaviour reporting facility for residents following the withdrawal of the single non-emergency number 101.
- Develop and implement a Safer Gateshead equality and diversity plan to ensure that all community safety policies, strategies, services and interventions meet the needs of our diverse communities.

Create a family centred approach to tackling Anti Social Behaviour

- Continue to implement the Respect Action Plan and associated strategies as a response to the national Youth Taskforce Action Plan.
- Strengthen early interventions to tackle Anti-Social Behaviour by developing and co-ordinating more positive actions to enable young people to access diversionary activities
- Build upon the work of the Family Intervention Project and integrate parenting and young people interventions more effectively.
- Encourage residents to report Anti-Social Behaviour when it occurs and ensure a swift response.

Challenge the problems associated with drug misuse

- Further development of our drug treatment services to increase the number of drug users in effective treatment
- Improve treatment outcomes and address the wider needs of drug misusers including housing, employment and training
- Strengthen our approach to tackle young people's substance misuse through prevention work and improved referrals into treatment for those whose use is problematic
- Develop and roll out protocol to share information relating to the illicit availability of prescribed substances in Gateshead

Challenge the problems associated with alcohol misuse

- Enhancing the range of current alcohol interventions via the development of a revised multi agency Alcohol Harm Reduction Strategy. This will address both public health issues as well as the impact that alcohol has on communities in relation to drunkenness and rowdy behaviour
- Carry out a detailed problem profile of alcohol misuse in Gateshead using multi-agency intelligence
- Review Alcohol Banning Orders within Gateshead

Create a safer environment

- Tackling arson-related issues in partnership by continuing to improve the safety and wellbeing of our residents through the reduction of fires associated with Anti-Social Behaviour and reducing the number of injuries due to accidental dwelling fires
- Use improved intelligence to effectively target resources in combating criminal damage
- Implement interventions to tackle the issues associated with noise nuisance
- Apply the problem solving approach to tackle local anti social behaviour / disorder problems to assist in the effective deployment of resources within our neighbourhoods. Act upon recommendations from the evaluation of Problem Solving, Neighbourhood Tasking groups and Operation Goldfinch
- Embedding emergency and business continuity planning into the culture of all organisations within the Gateshead Strategic partnership

- Improvement of the Neighbourhood Wardens reporting and intelligence management systems to ensure that the intelligence created by the Wardens and the integrated civil parking enforcement service is effectively captured and communicated.
- Develop initiatives which will effectively manage the night time economy, specifically in relation to public reassurance within the quayside area

Create a more holistic approach to offending

- Provide a more holistic approach to reducing offending through the further alignment of the Drug Intervention Project (DIP) and Prolific and Priorities Offenders Project (PPO)
- Further develop our approach to Community Payback and strengthen the links between this and Problem Solving
- The newly appointed Gateshead Reducing Re-offending Manager will develop a coordinated approach in Gateshead to addressing the seven pathways out of re-offending as set out in the national reducing re-offending delivery plan

Implement the Gateshead strategy against hate crime and harassment

- Improved performance in taking action against perpetrators of hate crime
- Develop and implement a hate crime database to encourage reporting and recording of hate crime incidents
- Improve the multi agency responses to hate crime and harassment to make victims feel confident that their complaints will be handled sensitively and effectively

- Reduced levels of actual and perceived hate crime in the borough with improved responses and support for victims

Develop effective initiatives to tackle violence

- Carry out a detailed problem profile of violence in Gateshead using multi-agency intelligence
- Improve and enhance the Gateshead Multi-Agency Risk Assessment Conference (MARAC) to further support high risk victims of Domestic Violence
- Further develop the Safer Families Domestic Violence Service
- Support and develop the recently approved Gateshead Domestic Violence Court
- Explore and address the issues of sex work and sexual exploitation

In addition, we have identified a number of cross-cutting partnership challenges that will assist us in meeting our priorities:

Support and help victims of Crime and Anti-Social Behaviour

- Supporting victims of crime by continuing to ensure that victims and witnesses receive appropriate and co-ordinated multi agency support, irrespective of age, ethnicity, gender sexuality or disability
- Improve and enhance our support to victims of Anti-Social Behaviour via the dedicated anti-social behaviour victim support worker.
- Continue to develop work around restorative justice, reparation, family group conferencing and Community Payback.

Improve our Intelligence Based approach:

- Utilising the Strategic Assessment and established performance management framework to focus activity and resources upon priority crime types
- Ensuring that the National Intelligence Model assists the partnership to tackle crime at both a strategic and neighbourhood level
- Improve information collection at a neighbourhood level to enable early interventions to tackle anti-social behaviour

Develop and Strengthen the Safer Gateshead Partnership:

- Ensure that the Safer Gateshead Partnership exceeds the national minimum standards as set out in the Hallmarks of Effective Partnership:
 - Empowered and Effective Leadership
 - Visible and Constructive Accountability
 - Intelligence Led Business Processes
 - Effective and Responsive Delivery Structures
 - Engaged Communities
 - Appropriate Skills and Knowledge

Measuring Performance

It is important that this plan is viewed in the wider context of our LAA and Vision 2030. Based upon the identified priorities within Strategic Assessment, the following Local Area Agreement Improvement Targets have been agreed:

- Reducing serious acquisitive crime (Support Class A Drugs priority)
- Improving perceptions of anti social behaviour (Support Anti-Social Behaviour and public reassurance priorities)
- Reducing assault with injury crime rate (Support Violence priority)
- Reducing re-offending of prolific and priority offenders (Support reducing re-offending priority)
- Reducing drug-related offending (Support Class A Drugs Priority)
- Rate of Hospital Admissions per 100,000 for Alcohol Related Harm (Support Alcohol and Violence priorities)
- Number of primary fires and related fatalities and non-fatal casualties (Support Enviro-Crime priority)
- Rate of proven re-offending by young offenders (Support reducing re-offending priority)
- First time entrants to the Youth Justice System aged 10 – 17 (Support reducing re-offending priority)

Monitoring of partnership information will be undertaken on a quarterly basis to assess performance against priorities drawn from the Strategic Assessment and to scan for emerging issues. Monitoring reports will be provided to Safer Gateshead, the Safer Stronger Communities and Culture Partnership and the Gateshead Strategic Partnership.

During 2008/09 Safer Gateshead will be expected to report on a whole new suite of indicators that have been devised via the 198 National Suite of Indicators and the Assessment of Policing and Community Safety (APACS) indicators. The new suite of performance indicators, including those which have been prioritised as Local Area Agreement Improvement targets, have been provided in Appendix I. Baseline data for the majority of these indicators has been established and targets set, however work is required on a number of the indicators where data has previously not been collected. Some of the new indicators have introduced new areas of work for the partnership, which previously has taken place within our separate partner organisations.

Although this Partnership Plan covers a three year period, it will be refreshed on an annual basis to review the priorities, assess progress and set milestones for the following year. A key part of the process of continuous assessment and improvement will be the engagement of those who live and work in Gateshead

Appendix 1:

Safer Gateshead Performance Indicators 2008/09 – 2010/11

National Indicator Suite Targets					
Ref	Definition	Baseline 2006/07	Target 2008/09	Target 2009/10	Target 2010/11
NI15	Serious violent crime rate	0.37	0.37	0.36	0.36
NI16	Serious acquisitive crime rate	14.3	12.67	12.42	12.17
NI17	Perceptions of anti-social behaviour	30%	28%	27%	26%
NI18	Adult re-offending rates for those under probation supervision	TBC – Waiting for guidance from Ministry of Justice			
NI19	Rate of proven reoffending by young offenders	TBC			
NI20	Assault with injury crime rate	8.23	6.67	6.54	6.41
NI21	Dealing with local concerns about anti-social behaviour and crime by the local council and police	N/A	Baseline year	TBC	TBC
NI22	Perceptions of parents taking responsibility for the behaviour of their children in the area	75%	73%	72%	71%
NI23	Perceptions that people in the area treat one another with respect and consideration	63%	61%	59%	57%
NI24	Satisfaction with the way the police and local council dealt with anti-social behaviour	N/A	Deferred	Baseline year	TBC
NI25	Satisfaction of different groups with the way the police and local council dealt with anti-social behaviour	N/A	Deferred	Baseline year	TBC
NI26	Specialist support to victims of a serious sexual offence	N/A	Deferred	Baseline year	TBC
NI27	Understanding of local concerns about anti-social behaviour and crime by the local council and police	N/A	Baseline year	TBC	TBC
NI28	Serious knife crime rate	0.47 (Jan – Dec 2007)	0.47	0.47	0.47
NI29	Gun crime rate per 1000 population	0.03 (Jan – Dec 2007)	0.03	0.03	0.03
NI30	Re-offending rate of prolific and other priority offenders	TBC	28% reduction	Future targets to be set by Home Office	
NI32	Repeat incidents of domestic violence	17.6%	Deferred	TBC	TBC

National Indicator Suite Targets - continued

Ref	Definition	Baseline 2006/07	Target 2008/09	Target 2009/10	Target 2010/11
NI33a	Arson Incidents: deliberate primary fires per 10,000 population	18.22	18.04	17.86	17.68
NI33b	Arson Incidents: deliberate secondary fires per 10,000 population	88.84	87.95	87.07	86.20

NI38	Drug related (Class A) offending rate	N/A	Deferred	Baseline Year	TBC
NI39	Rate of Hospital Admissions per 100,000 for Alcohol Related Harm	2338	2829	3013	3133
NI40	Number of drug users recorded as being in effective treatment	N/A	4% increase	3% increase	2% increase
NI41	Perceptions of drunk or rowdy behaviour as a problem	42%	40%	39%	38%
NI42	Perceptions of drug use or drug dealing as a problem	59%	58%	57.5%	57%
NI43	Young people within the Youth Justice System receiving a conviction in court who are sentenced to custody	2.7%	<5%	<5%	<5%
NI44	Ethnic composition of offenders on Youth Justice System disposals	0.4%	Reduce	Reduce	Reduce
NI45	Young Offenders engagement in suitable education, training and employment	89%	90%	90%	90%
NI46	Young offenders access to suitable accommodation	97.4%	100%	100%	100%
NI47	People killed or seriously injured in road traffic accidents	-3%	-1%	5.9%	0%
NI48	Children killed or seriously injured in road traffic accidents	-47%	0%	6.7%	0%

National Indicator Suite Targets - continued

Ref	Definition	Baseline 2006/07	Target 2008/09	Target 2009/10	Target 2010/11
NI49a	Number of primary fires and related fatalities and non-fatal casualties: Total number of primary fires per 100,000 population	402.18	386.09	378.37	374.59
NI49b	Number of primary fires and related fatalities and non-fatal casualties: Total number of fatalities due to primary fires per 100,000 population	0.52	0	0	0
NI49c	Number of primary fires and related fatalities and non-fatal casualties: Total number of non-fatal casualties (excluding precautionary checks) per 100,000 population	16.27	15.62	15.31	15.15
NII11	First time entrants to the Youth Justice System aged 10 - 17	TBC			
NII43	Offenders under probation supervision living in settled and suitable accommodation at the end of their order or licence	78%	82%	TBC	TBC
NII44	Offenders under probation supervision in employment at the end of their order or licence	26%	40%	TBC	TBC

Additional local indicators

CBS36	Increase treatment for people with alcohol misuse problems (LAA Reward Element)	1173	1662	N/A	N/A
CBS58	Increase in the proportion of domestic violence offences brought to justice as a proportion of the total number of incidents (LAA Reward Element)	8.13%	9.35%	N/A	N/A
CBS59a	Reduction in the number of complaints received by Northumbria Police regarding issues relating to 'off-road' motorbike incidents which result in Anti-Social Behaviour (LAA Reward Element)	3421	2695	N/A	N/A
CBS59b	Reduction in perception of the level of anti-social behaviour as measured through Gateshead Council's Residents survey (LAA Reward Element)	28.4%	21.4% (from 2007/08 survey)	N/A	N/A
TBC	Criminal Damage per 1000 population (Requested by Safer, Stronger, Communities and Culture partnership)	27	26	25.5	25
TBC	The number of racial incidents reported to the local authority and subsequently recorded (per 100,000 population)	2006/07: 132 2007/08: 90	85	80	75
TBC	% of residents surveyed who feel 'fairly safe' or 'very safe' outside during the day	93% (2005)	94%	94.5%	95%
TBC	% of residents surveyed who feel 'fairly safe' or 'very safe' outside after dark	57% (2005)	58%	58.5%	59%
TBC	Domestic Violence Indicator Summary	81.82	91%	91%	91%

Appendix 2:

Safer Gateshead Structure

Safer Gateshead is encompassed within a clearly defined organisational structure:

The Gateshead Strategic Partnership is made up of a ‘family of partnerships’ that work to deliver the priorities local people have identified as important to them as set out in the Sustainable Community Strategy – Vision 2030. The Partnership is made up of the Steering Group and the following ‘themed’ partnerships:

- Economy, Skills, Housing and Transport
- Safer Stronger Communities and Culture
- Children and Young People
- Health and Social Care

The Safer Stronger Communities and Culture Partnership sets the direction for policy in Gateshead for its theme and agrees priorities for improvement. The Partnership is responsible for delivery of the appropriate Improvement Targets and actions in Vision 2030 relevant to the theme and within the Local Area Agreement. The Safer Stronger Communities and Culture Partnership incorporates the statutory Crime and Disorder Reduction Partnership (CDRP) duties.

Safer Gateshead is responsible for co-ordination, development and implementation of community safety policies, strategies and clearly defined workstreams which help achieve the identified priorities and targets. Safer Gateshead works in partnership with a number of other partnerships and boards to support the overall vision of the Gateshead Strategic Partnership. Members of Safer Gateshead and the Safer, Stronger Communities and Culture Partnership include a range of public, private voluntary and community sector organisations including:

- Gateshead Council
- Northumbria Police
- Northumbria Police Authority
- Gateshead Primary Care Trust
- Tyne and Wear Fire and Rescue Service
- National Probation Service, Northumbria
- Empower Gateshead
- Gateshead Voluntary Organisation Council
- Nexus
- Victim Support
- The Gateshead Housing Company

Gateshead Strategic Partnership

Safer Stronger Communities and Culture (CDRP duties)

Safer Gateshead

- Local Safeguarding Children's Board
- Local Criminal Justice Board
- Youth Crime Management Board
- Local Safeguarding Adults Partnership

- 5 x Area Forums
- Diversity Forum
- Older Peoples Forum
- LGBT Forum

Safer Gateshead Workstreams

1. Safer Gateshead Strategy	2. Performance Management	3. ASB / Respect	4. Supporting Victims	5. Drug Misuse	6. Domestic Violence	7. Reducing Re-offending	8. Crime against the local environment	9. Alcohol misuse	10. Resilience Planning	11. Engagement
