

Table 3: Police and Crime Commissioner for Northumbria

Message from the Office of the Police and Crime Commissioner for Northumbria

This precept sets the funding increase for Northumbria Police in order to let the force continue to fight crime and prevent crime. It is informed by a public survey which showed people agree there needs to be more investment in Northumbria Police. I believe this should be funded by Government, but while I continue to lobby for this, it is clear that local investment is needed now. To address the challenges facing Northumbria Police I have approved an increase of 83p per month for a Band D property and 56p per month for those living in a Band A. It is important to me that you can see where your money is going to address the pressures facing policing. The precept will be used to fund additional call handlers to improve performance for 999 and 101 services, provide extra resources to tackle cyber-crime and serious and organised crime, hire more investigators to support investigations and free up officers, and to increase workforce investment in order to support our officers and keep them on the beat. The Band D council tax precept for Northumbria will increase from £143.84 to £153.84 for the year. This remains, by far, the lowest precept of any Police and Crime Commissioner in England and Wales.
