

Environmental Protection Act 1990 – Smoke or Odour Nuisance

As a first step in the Council investigating this sort of problem you will need to provide some accurate and up to date information.

It would be helpful to have a written record of when you are bothered by the smoke/odour over the next fortnight or so. Please print off and then complete the following form.

Once you have done this please send the completed form back to the Environmental Protection Team.

The completed form will help to decide what the Environmental Protection Team can do to help resolve the situation for you. Someone will get in touch as quickly as possible to let you know what we can do.
