

**Integrated 2 year Review
Early Years/Health Visitor Standard Work Flow Chart**

Health visiting team link member to agree contact with EYP (Early Years Provider): including collection and delivery of assessments, health promotion activities etc.

Health visiting team link member to attend, where possible, nursery induction for parents: to include information about Integrated Review including the need to have consent to share information between providers

Health Visitor: to introduce the integrated review concept to parents prior to the 2 year assessment

2 Year EYFS assessment completed within national timeframes

Ask parent/person with parental responsibility to sign Summary sheet (Progress Check) giving EY provider consent to share summary sheet information with Health Visitor. (As good practice, this may have already been obtained on entry.)

No concerns identified with EYFS:

Concerns identified with EYFS:

Complete EYFS summary sheet – follow locally agreed arrangement for sharing completed summary sheet.

Health Visitor: No Concerns

- Health Visitor to complete 2-2 ½ year review and discusses EYFS summary if available.
- Gain parental consent to share summary with EYP
- Complete Parent Held Record (PHR) sheet in Red Book
- Health Visitor to retain copy of EYFS with ASQ summary sheet

EYP:

- Early Years Provider (EYP) to discuss concerns with parents and gain consent to share information with Health Visitor and agree interim plan of action.
- Contact Health Visitor to share information and agree further action:

Health Visitor:

Health Visitor will complete 2-2 1/2 year assessment or review previous assessment in light of new information and agree with both parents and EYP future action plan: e.g. referral to other agency, initial intervention, joint meeting etc.

Health Visitor and EYP review progress within agreed timescales and agree further action if necessary
